

The Steps of Naturalization (Academic)

- **Your goal is to create a three-fold pamphlet outlining the steps necessary for an alien to become a naturalized citizen of the United States. Your pamphlet must include the following:**
 1. An illustrated, colored title page
 2. Inside (page 1): What is a citizen? Then, a brief explanation of rights granted to legal aliens, and rights denied to legal aliens.
 3. Inside (page 2) A brief introduction to the process of naturalization. (What is it, why do we do it?)
 4. Inside (page 3) The Steps of Naturalization, with at least six specific steps involved in becoming a citizen; provide explanations of each step.
 5. Definitions (underlined or highlighted) of the following terms: naturalization; aliens; immigrants; Immigration Act of 1990 (may be located throughout pamphlet and/or in a separate glossary)
 6. At least two colored illustrations, not including the title page.
- **Assignment will be graded based on the quality/completeness of information included, and will be based on the four-point scale. In order to receive a “4” work must be neat and organized, and must display some creativity in formatting.**

Immigration and Naturalization Activities (Honors):

1. Read the information found on pages 19 through 23 in your Civics textbook. (1.3) Then, using what you've read, write a brief (appx 1/2 page) foreword to an upcoming edition of a history study manual for aliens studying to become naturalized citizens. This foreword should help these soon-to-be citizens feel more comfortable about becoming part of the citizenry of the United States. *(Be sure to include historical information / facts about past waves of immigration, who has come to the US throughout history, and briefly mention the process they will go through to become citizens. Focus on the history!)*
2. Create an infographic which lists and explains each of the major steps required to become a US Citizen. Highlight/bold/underline any major vocabulary terms which show up in the chart! For each step you should include an icon (image, picture) that represents the action.
